

Zvi Marmor

DATA SCIENTIST

Profile

Experienced and accomplished Data Scientist with a strong background in Predictive Modeling, Leadership, and Analytical Skills.

Led a team as a commander in the military with excellence certificates from high-ranking officials.

Passionate about AI and technology, with a focus on Python. Skilled in SQL, Machine Learning, and Data Verification.

Eager to bring these talents to a new role as a Data Scientist.

Employment History

Data Scientist Intern, Hermona Soreq's Lab, ELSC

MARCH 2024 – PRESENT

Currently, I am gaining valuable experience as a Data Scientist Intern at Hermona Soreq's Lab, ELSC, where I am actively involved in applying my skills in Python, machine learning, and data analysis. I am utilizing my strong analytical skills and proficiency in DSA, Matlab, and R to contribute to the team's projects. Additionally, I am leveraging my excellent communication and leadership skills to collaborate effectively with the research team and contribute innovative perspectives to problem-solving.

Combat soldier and commander, IDF

MARCH 2019 – MARCH 2022

- Combat Soldier, Egoz Special Forces Unit
- Sergeant, Squad Commander
- Led a team of 30 elite soldiers in high-risk special operations
 - Responsible for tactical planning, mission execution, and team safety
 - Conducted covert missions and counter terrorism operations
- Trained and mentored junior soldiers in advanced combat techniques

Pre-Military Fitness Instructor, Expert Combat Fitness Association, Jerusalem

JULY 2023 – PRESENT

Lead a group of 50 youth in comprehensive pre-military preparation, focusing on physical fitness, mental resilience, and self-confidence. Design and implement tailored programs to enhance overall readiness for military service.

Education
